CLOPAY COMMERCIAL - MODELS 3728, 3729 architectural series

visibility and/or natural light, strength and energy efficiency. R-Value 18.4.

- 2" thick Intellicore® polyurethane insulation with thermal break for improved energy efficiency.
- Three-layer construction with steel and insulation enhances durability, strength and quiet operation.
- Injection molded, full-vision light frames available in two sizes and color matched to the door. Aluminum contemporary frame available in silver and black color options. Multiple glass options available to provide visibility or obscurity, depending on the application.

Steel skins are protected through a tough, layered coating system, including a hot-dipped galvanized layer, a protective metal oxide pretreatment and a baked-on primer and top coat.

PANEL DESIGN

Minor Ribbed (3729)

Flush (3728)

COLOR/FINISH OPTIONS

CUSTOM PAINT OPTION

Color Blast® finish offers more than 1,500 Sherwin-Williams® color options to complement your building design. This durable two-part paint system has been thoroughly tested and is backed by a five-year warranty.

Due to solar reflective formulation to meet greater than a 38 LRV, some colors may not be available.

FEATURES

STANDARD HARDWARE		
TPE astragal in corrosion-resistant retainer		
Commercial 10-ball steel rollers (nylon tires available)		
Steel step plate and lift handle		
Galvanized steel end stiles		
Inside slide lock for increased security		
2" or 3" track		
10,000 cycle springs. High cycle springs available.		
Galvanized aircraft cable with minimum 7:1 safety factor		
Variation of transfer realizations to recent building and affections

ADDITIONAL OPTIONS

WINDOW OPTIONS

19-1/2" × 16"

42" × 16"

19-1/2" ×16" and 42" ×16" windows available with color-matched frames. Glass options include: 1/8" clear tempered, 1/8" frosted tempered, 3/4" insulated tempered and 3/4" frosted insulated tempered glass. Additional glazing options include: matte, pebble, bronze tinted and impact rated window. 37" × 8" windows available with silver or black aluminum frames. Glass options include: tempered insulated clear and tempered insulated frosted.

HEAVY-DUTY HARDWARE (where not standard)

Double-end hinge

3" Track

High performance hardware features 10 gauge end hinges, heavy-duty top bracket and 3" sealed roller with 5/8" stem.

MULLIONS

Carry-away, roll-away or swing-up mullions are available on select sizes.

EXHAUST PORT

Can be cut into any type of sectional door. Available in select sizes.

Wind Code® design pressure (DP) up to 52 PSF depending on size. Models tested 50% greater than DP.

EXTENDED 8-YEAR HARDWARE WARRANTY

Increase the warranty with extreme duty hardware components
